

**CONFIDENTIAL**

February 21, 1996

To: Denise Keane

From: Susan Laffoon

The eleven Shenandoah packings were added to the FTC Special Report for 1993. I prepared a blank Cigarette Report Form for each packing and attached them to a memo sent to Nina Marcus (FTC Special Report for 1993, dated August 5, 1994). It appears that they were reported incorrectly to the FTC for the 1995 Federal Trade Commission Report:

**The 100 Filter SP Lights was omitted from the 1995 FTC Report and the King F SP Lights was reported twice.**

I have included that page from the 1995 FTC Report in my fax. That error was carried through in the Cigarette Report Forms for the current Special Report (See pages 238 through 248 of the Cigarette Report Forms for the 1994 Special Report. Pages 243 and 245 are duplicated for King F SP Lights.).

I have included an updated form for the 100 Filter SP Lights as it should appear in the 1996 FTC Report.

Please contact me at ex-2426, if you need additional information.
